Marion,
Can you provide the lab number/case identifiers so that I can discuss with the lab?
Thanks, Julie

Subject: Question

Hi - how are you? We have a case that has come up where there are multiple bags of drugs-only one bag was weighted and the weight is an issue re Trafficking. The analyst has been great and offered to weigh all the bag-but, this was our issue before and I know that I promised that we would not make such requests a habit. Are you okay with their bringing it back to have the other bags weighted? Would you like us to follow some other practice?
Just let me know how you would like us to proceed-if you need to call me, my cell is [REDACTED]
Thanks.
